HEERF-II Student Financial Grant Application

As part of the CRRSAA/HEERF II, the Department of Education has allocated funding for CBD College for direct financial aid grants for eligible students. Financial aid grants for students may be used for any component of the student s cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care) or childcare. CBD College is eager to provide those grants to you. We've established a maximum funding threshold for eligible students to ensure that these funds are distributed as widely as possible. In order to prioritize the funds that are available and proportionally allocate more to those with exceptional need, we've created a tiered grant amount program. The grant amount that each eligible student will receive will be calculated in part based on demonstrated need as represented by your answers on this application as well as on demonstrated financial need as reported on FAFSA submissions (e.g., EFC) as well as other objective criteria, as applicable.
